Service Agreement

I, _____ the pet owner of _____,
(Pet Owner) (Name and breed of pet(s))
have hired Your4Paws, to provide pet care, in my home, for my pets while I am away.

Your4Paws has my permission to access our home from the dates beginning _____ and to continue through _____ or on an as needed basis, until I have provided, in writing, that I am no longer in need of their services. I have supplied Your4Paws with one (1) copy of our house keys. Your4Paws will leave the house key at our home, upon the last day of services rendered unless other directions are provided.

Your4Paws has my permission to transport our pets to our veterinarian of choice during normal business hours or to the closest emergency vet clinic (after hours/weekends/holidays) so that emergency veterinary care can be administered, should the need arise, with our full authority for transporting and signing for all care required in my absence. Your4Paws will transport and inform the pet owners of the same, within a one (1) hour period of the said injury / illness, via telephone. Your4Paws will not be liable for any medical charges incurred for my pet. As the pet owner, I will notify my veterinarian of our departure and arrival dates and provide authorization for Your4Paws to transport for care as applicable.
